

# Improve Transition of Care from Hospital to Home

## KEY BENEFITS

**Patient Discharge Folders** can improve patient education, communication and overall satisfaction. When given at admission, paperwork is added behind dividers, reviewed at discharge and easy to reference at-home for successful recovery.

- **Simplify information** through a single source for all paperwork, organized by dividers
- **Improve education** with highly engaging graphics and informative content
- **Strengthen communication** with easy access to health and medical details
- **Enhance meaningful use** with a QR code for your online patient portal
- **Impact HCAHPS** survey answers positively with content aimed at key survey questions

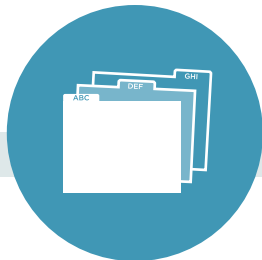

U.S. Patent No. 10,471,765

## DESIGN SERVICE INCLUDED!

Always on-brand and in-hand fast.

### Organizing Dividers

Information separated into clear and logical sections.

### Quality Expansion

Tough construction for continued, long term use.

### Medical ID Card

Health details stay with the patient wherever they go.

### Clear Education

Patient care instructions made easy to adhere to.
